

## Charo taraf ujaala tha...

*Jab ghangor andhera chhaya  
Khud ko khud me hi akela paya  
Ghabraya chillaya shor machaya  
Par afsos kuch hath na aaya*

*Hoke udaas is andhere me,  
Moun, khudhko isme dhalne laga  
"aisa hi hota h duniya me" keh ke  
Khud ko thaga*

*Ek din yun hi ekaant baitha,  
Dur chhoti si roushni najar aayi  
Par tab tak itna dhal chukka tha iis andhere me  
ki ye ankhe us par bharosa na kar paayi*

*Muh fer liya yeh soch ke  
Ki hai ye bas ek dhokha  
Badh chala andhere me dur,  
Na kisi ne roka*

*Ab toh yeh syah si diware  
Sachhi lagne lagi  
Inki tanhai aur udashi bhi  
achhi lagne lagi*

*Chal raha tha iss tezi me ki  
Jaise ab rukna hi na tha  
Lekin muquadder me tha kuch aur,  
Zindgi ko ye manjur kaha tha*

*Za takraya in diwaro me  
Phir inke hone ka eshsaas hua  
Band hu ek pinjre me  
Jaan k niraas hua*

*Kafi tarike soche iss pinjre  
Ko torne ke liye  
Nakaam, Udaas jab pinjre ko karib se dekha  
Toh ek sach saamne aaya jo kaafi tha muje  
Zhakjhorne k liye*

*Pinjara to tha hi nahi*

*Jise mai tor raha tha*

*Khud ko bewajah hi*

*Nichor raha tha*

*Phir mujhe uss chhoti si roushni*

*Ka khayal aaya*

*Aas paas dekha to*

*Use saamne hi paya*

*Who toh hamesa yahi tha*

*Bas mai kahi kho gya tha*

*Mano jag raha ab us nind se*

*Jisme varsho se so gya tha*

*Yeh roshni toh us paatti k chhed se aa rahi thi*

*Jise maine jane anjane me dala tha*

*Jaise hi use utaar feka*

*Charo taraf ujala tha*

*Charo raraf ujala tha...*

Written by: Harsh Vardhan (admin of the blog)

Author's note: This poem is based on situations where we get stuck in our life just because of our wrong perspective and belief.

When we realize things are falling apart and are beyond our control, we panic, we try heedlessly over and over to take over the control and guess what? We fail... we fail badly because we were ignorant, we refused to see the reality but when we become aware our own flaws and perspective we get to know darkness was within not everywhere else.

It's like dawn to a world full of possibilities... 😊
